SUMMARY

Web developer with background in retail management and customer service. Skilled in HTML, CSS, and JavaScript. Likes intellectually challenging tasks and crafting beneficial projects with a solution-oriented and user-centric approach. Can leverage analytical skills, innovative and efficient problem solving, systematization and management of complex systems and processes.

WORK EXPERIENCE

OCT 2016-PRESENT

OPERATIONS MANAGER

WALMART

- Worked directly with teams to build a customer-focused mindset.
- Wrote training material to be used in Walmart Academy training programs for future salaried managers.
- Analyzed marketing information and translated it into strategic plans to increase brand loyalty and customer engagement.
- Created mentorship programs for all of my direct reports, ensuring that they developed their subordinates.
- Increased top line sales from \$36 to \$55 million, becoming the fastest growing store in central Iowa.
- Instrumental in initiating, fostering, and maintaining relationships with vendors and supply chain partners.
